Honorable Semuel S. Stratton House of Representatives Washington, D. C.

Dear Mr. Stratton:

Thank you for your letter of 4 August 1959 concerning

came to Washington at our expense for interviews and examinations. He was quite seriously considered for our Junior
Officer Training Frogram and for other junior professional
positions which would take advantage of his academic and
military training and experience. However, we are limited
regarding the number of young men we can employ and
could not be accommodated within our requirements.

STAT

After we advised him that we could not offer him employment as initially contemplated, he wrote to ask if there might be some opportunity for him in the future. We advised him by letter dated 1 July 1959 that we did not anticipate any change in our employment situation but would advise him if something should develop for him.

His application remains in an active status and we are glad to have your letter as additional support of his qualifications.
